Who we are ...

The Dumbleyung Community Resource Centre (CRC) and Bluebird Interpretive Centre opened in mid-2015 and services local community members and tourists visiting our Shire.

The Community Resource Centre is a not for profit community managed organisations that seeks to improve access to government services, economic, business and provide social development opportunities in our Shire. We are the only CRC in our Shire and service the entire population of over 600 people, including the town of Kukerin.

This CRC is primarily funded through the Royalties for Regions program from the Department of Primary Industries and Regional Development (DPIRD). Additional funding is sourced via user pay services that is membership and one-off grants for projects and initiatives. These funding streams allow us to open our centre five days a week, 9.30am until 4.30pm on Mondays and 9am until 4.30pm Tuesday through to Friday.

We currently provide a number of services ranging from internet and Wifi access, Kodak photo printing, video conferencing and room hire, plus host a variety of workshops to help local community organisations, businesses and individuals. Our weekly publication called the 'Quack Chat' keeps the whole community informed about local events at the CRC and around the Shire.

We are members of Linkwest and are an incorporated association under the Associations Incorporation Act 1987 (WA).

Our Vision

The Dumbleyung CRC vision is to be the community hub within our Shire, supporting, fostering and encouraging continued social, economic and educational opportunities to create a positive and connected community.

Our Mission

To be a welcoming and engaging community hub, provide access to information and services which encourage personal, social, and economic and tourism development and ultimately building capacity within the Shire of Dumbleyung.

What we do ...

Access to government services

- Provide access via take home pamphlets and flyers.
- Provide computer use for Government Services.
- Video conference services.
- Library services

Economic and business development support

- Referral service to business development and employment services.
- Provide professional meeting spaces for business and contractors in the Shire.
- Hosting pop up shops and markets.
- Facilitate business development workshops and information sessions.

Social development support

- Assisting Clubs and local organisations with governance queries.
- Offer a welcoming space for all community members.
- Referral services to social support services.
- Facilitate social development workshops and information sessions.

Services and products

- Home to the Bluebird Interpretive Centre, offering Bluebird and Dumbleyung products and brochures.
- Home to community services including library and toy library.
- The one stop shop for visitors to the Shire including promotion of tourist highlights and history.

Building community connections

- Communication platforms include local newsletter, social media, website and Mailchimp.
- Facilitate community social events.
- Local connection between Shire, Police and community.

Chairperson's Report

Congratulations everyone, we have successfully completed our 4th year.

During 2018, CRC's were advised funding would be significantly reduced and/or ceased. Thankfully the government changed its mind (aka back flipped) and guaranteed funding until June 2020: but not before a few gray hairs had sprouted! It was a challenging time but CRC's and their communities banded together to show the government that CRC's do provide a valuable service and are worth keeping. Great to see a positive & collective approach achieving results.

A quick snapshot of the year, as Alison will provide a more complete rundown in her report;

- Funding was our primary focus, taking a lot of time and energy.
- Davina facilitated Seniors' information sessions.
- Police cyber safety and drug info sessions were held.
- 2 shop local campaigns were run.

Our first trainee - Paige Morris has now successfully completed her traineeship and I believe the CRC has benefited from her time here with us. Paige has given us positive feedback from her experience and recommends it to others, which is a great outcome. Thanks go to Alison for mentoring Paige throughout and for providing a positive role model for Paige. The next round of traineeships has been opened and the CRC has begun the process of securing another trainee.

Last year, I sincerely thanked Alison for being "such a capable, energetic and positive CRC coordinator". This year I can only repeat that and add to it. Ali has developed skills in her leadership of staff, management of events (a certain wedding in particular?!) and also within her book keeping ability. The treasurer's role has benefitted greatly from Alison's help in this

area. Thank you Alison for your support to the CRC committee.

Also my thanks go to Davina Gossage and Paige for being positive members of staff with their input, work ethic and enthusiasm.

To the 2018 committee, thank you all. Special mention must be made to our inaugural Chairperson, Chelsea Mott as she steps down from the Committee. Chelsea's invaluable drive and determination ensured the successful foundation and running of the CRC. I thank her and wish her success in everything that she does. Thanks also to the volunteers who help the CRC run each year; whether it is dealing with library books, manning the front counter, and helping with the Quack Chat or numerous other tasks - I appreciate all that they do to help the CRC run smoothly.

I am stepping down as Chairperson this year and in doing so, I wish the 2019 incoming Chair, committee and the staff every success going forward.

I believe that the Dumbleyung CRC will continue to be a valuable part of the fabric of the Shire of Dumbleyung. Good luck.

Thank you

Julie Ramm
Chairperson

Manager's Report

We're here to live another year! What a full on year that was, from looming funding cuts, educating our community about our services, the overwhelming support we received from the community followed by a back flip on the looming funding cuts! It truly was a rollercoaster year!

In amongst the uncertainty and rallying of the community we achieved some great goals! 2018 saw us sign off our first trainee. Stepping up into the managerial role in the past 18 months had its challenges and rewards and overall it was great to watch Paige grow as a person and in the business trainee position. Paige learnt to show initiative and I was comfortable leaving her to 'man the fort'. The trainee funding was also up for review by the Department and it's nice to know it's here to stay with hopefully another trainee to start at the CRC later this year.

2018 also saw some new CRC initiatives include shop local campaigns and a community calendar! We ran the first of a series of Seniors Information Sessions which have been very well attended and will continue this year. Our third 'MAYyouDARE' competition was held and second pop up op shop was another hit! Late last year Santa graced our CRC and we invited the community to take photos with Santa or join in on the Christmas Craft – a hectic and busy morning but so nice to see the centre a buzz!

The Quack Chat continues to land in everyone's Inbox (over 335 subscribers) on a Wednesday evening with 143 issues published to date. The newsletter open rate has plateaued slightly but there is no doubt the newsletter has become a household name. A new addition to the Quack Chat this past year has been the 'Police Pulse' segment. I'm excited to share that we've been able to create a rotating roster of volunteer editors – a great achievement to have so many locals put their hand up and be involved.

Our current contract is set to end in June 2020 so this year we continue to rally the community for their support as we aim to embed ourselves into the future of our community. We were fortunate

to attend Wheatbelt CRC Collective meetings, facilitated by the Wheatbelt Business Network (WBN) in the past year. These meetings have been very positive with the WBN actively working with us (Wheatbelt CRCs) in seeking alternative CRC income opportunities including Census and the WA Electoral Committee. The next meeting facilitated by the WBN will be held in May which I'm sure will be as positive and forward thinking as the past meetings.

We've been fortunate to assist the community with a variety of business and personal projects. I feel the community is beginning to understand the scope of services and products we can offer, including - service booklets, overseeing all the advertising/promotion for Taste of Dumbleyung and most recently constitution/governance assistance for many sporting clubs and non-profit groups.

As always, the achievements of our CRC isn't possible without assistance and support from you, our committee. Although a few step down after tonight's meeting, I thank you all for your support and congratulate you on another great year! Thank you Julie for your role as Chairperson of the CRC for the past two years. Your assistance and support has been awesome and so much appreciated especially during some testing times.

I look forward to another exciting year of workshops and events and to celebrate four years in our community in 2019!

Thank you

Alison Gray
Manager

Year in Brief

Government Services

Government Access Point

As part of our commitment to the State Government, we offer a Government Access Point. A free service, clients can access local, state and federal government information online or in print (flyers etc.). In addition, we provide information on a selection of relevant non-government organisations which offer community services. Where a client is finding it difficult to find the answer, we guide them on the computer or assist in finding the relevant information on their behalf. This service enables clients who cannot access the internet or aren't technological savvy, the ability to gain information without having to travel great distances or call, large and sometimes long wait time call centres.

Video conferencing Connections

Video conferencing allows visitors and members of our community to connect with service providers and other locations for work, social and educational purposes. The video conference eplatform has allowed us to facilitate workshops that would otherwise not be possible in our Shire due to distance. We have also been flexible in accessing other video conferencing platforms to assist clients in their video conferencing needs.

On behalf of the Shire of Dumbleyung, our CRC houses and oversees the Dumbleyung Public Library Service. Besides books, the library also stocks DVDs, audio books and copies of Shire Council documents. We actively encourage community members to utilise the library by hosting Rhyme Time sessions amongst the books. The CRC receives monthly boxes from the State Library of Western Australia and promote new stock each month as it arrives to the library.

Other online resources of the State Library can be accessed via the Dumbleyung CRC website and the Shire of Dumbleyung website e.g. Borrow Box, Over Drive and Kanopy. In accordance with State Library requirements we also offer free computer access for library purposes e.g. the online Ancestry.com. Access of this free online resource and other library initiatives have previously aligned with workshops we provide including Rhyme Time and Genealogy 101.

We also participate in the Better Beginnings program, supplying the local Child Health Nurse and Primary School with Better Beginnings packs and backpacks.

Economic and Business Development Support

Dumbleyung CRC offers a range of economic, business end educational development services across the Shire of Dumbleyung. This year (2018/2019), there's been a great focus on Human Resources and Industrial Relations considering the changes to the industry and how many businesses in our Shire will be affected.

The implementation of Single Touch Payroll in 2019 meant we held three workshops over the duration of the year. These workshops were aimed at farmers or businesses who have employee staff and it was great to see a diverse range of clients attend these workshops. These workshops were facilitated by local and regional accounting firms, which ensured the information was accurate and useful, providing tools and guides for attendees to easily implement into their business. A great opportunity to connect with local business (both who facilitated and attended) with over 40 people participating in these workshops.

A number of locals and surrounding clients also upskilled in completing their truck accreditation with visiting provider Busselton Advanced Driver Training (BADT). A professional, seamless and straightforward exercise, our partnership with BADT remains positive with 9 people successfully completing their courses and remaining/seeking employment in and around our Shire.

2018 was the first of many 'Shop Local' initiatives including an 'End of Financial year' and a 'Christmas' campaign. The two initiatives had 22 business and 17 business involved (respectively). The feedback from both initiatives was positive with money saved across the Shire and a third 'Business of the Week' shop local initiative to come in the 2019/2020 year.

The CRC continues to work with local businesses in providing relevant and quality economic, business end educational development initiatives and we look forward to another year of building a stronger local economy.

Great PD and very much appreciate Lincolns Accountants time, knowledge and take home information and having a great bunch of people around the table!
– 2018 IR Workshop attendee

Social Development Support

Pictured left: Rhyme Time

Pictured above: Little Learners with Speech Pathologist Chloe Justins

There was a lot of fun learning this year with a wide range of social development workshops, events and information sessions for community members and visitors to our Shire. As always the school holiday crafts and activities were enjoyed by all and almost each craft session themes to a calendar event including Easter, NAIDOC week and Christmas. In total over 60 children and parents participated in holiday craft, Rhyme Time and/or Santa's visit (the first time Santa has visited since we've opened). A touching craft activity this year included the children creating an ANZAC wreath which was laid at the Dumbleyung ANZAC memorial in 2018.

Creating connections with the new police officers in the Shire resulted with the CRC teaming up with Sergeant Alby Van Den Berg and Constable Daryl Gaull to provide Cyber Safety talks at both Kukerin and Dumbleyung Primary Schools and an after-hours youth session at the CRC. Both school workshops were well received with both parents and student workshops held. A positive partnership connecting the CRC, Police and schools together.

Local Police and our regional Holyoake office also worked together to host a Drug Awareness Information Session. Fifteen people attended this workshop to understand the wide spread effect recreational drugs are having within the community and a reminder of the impact drugs can have on a person, families and friends.

Always well attended and received by community, we hosted three different parenting workshops over the course of the year. A variety of facilitators visited Dumbleyung to host these sessions, providing important, professional and educational services to our Shire. In the past year, we welcomed ex-local and Child Speech Pathologist, Chloe Justins to host a 'Little

Lots of discussion and interaction, an enjoyable morning for both parents and children!

- NAIDOC week Craft attendee

Learner's' Workshop. The workshop focused on children under 5 year old and the importance of building early literacy skills including the benefits of book shares, how to introduce new words and how to help children use language to think and learn.

Child Health nurse, Pia Lambert facilitated a free six week course, Circle of Security. A consistent group of mothers attended these sessions, learning enhance the development of a child's self-esteem and support a child's ability to successfully manage emotions and so much more.

The third parenting workshop was facilitated by our regional WANSLEA office. Held over three workshops, participants learnt the 1-2-3 Magic and Emotion Coaching techniques, tips and tricks. These sessions included how to discipline without arguing, yelling or smacking, how to sort behaviour and how to use emotion coaching to encourage good behaviour.

We also began the first of many Carers, Seniors and Families free health information sessions. The first event was a 'Confused about Age Care' workshop which included two guest speakers and was supported by Advocare. The second workshop went into more depth for carers and families and the respite services and assessments available in our region. In total over 40 people attended the workshops, with many staying on to continue networking, enjoying morning tea and asking questions/absorbing answers from

the guest speakers. With positive feedback from both workshops we aim to continue to host these information sessions with more ideas and speakers being sought to run events in 2019/20.

The Dumbleyung Men's Shed were fortunate to receive funding (in conjunction with other regional Men's Sheds) to seek and attend workshops which assisted and increased their technology abilities including iPad, Smartphone, internet and computer use. The Men's Shed approached the CRC to facilitate these sessions with an emphasis on two particular topics, how to use YouTube and Google and the 101 of Smartphones. Small group sessions were held over a number of weeks and participants were encouraged to bring devices with them for a practical and interactive workshop.

This was so good and information was so important to me. I hope we can have more programs with such important information provided.

Thanks CRC.'

-Carers, seniors and Families Health Information Session

Services and Products

In addition to the broad range of economic, educational and social workshops and events held by the CRC, a variety of goods and services are also provided. These goods and services assist us in creating an income stream to support our daily operations and for the future.

The CRC is not only the community hub but we are the main hub for many tourists to our Shire, housing the Bluebird Interpretive Centre as we are centrally located in Dumbleyung, in close proximity of the Bluebird replica and Donald Campbell bust. Each weekly, a number of tourists will pop into the CRC allowing us to showcase the Shire and other services in the Shire (including accommodation, hospitality venues and tourist attractions). The CRC also provides these tourists with Dumbleyung and Bluebird merchandise, providing tourists with a little 'slice 'of Dumbleyung as a memento.

Besides the sale of these tourist items and our largest financial contribution, the Department of Primary Industries and Regional Development government tender, we also earn funds from:

- Membership to the CRC
- Design and Promotion Management of local events
- Producing the local newsletter 'The Quack Chat'
- Kodak Printing service
- Drycleaning service
- Event Product Hire – champagne glasses, wine glasses, table cloths, coolroom etc.
- General office operations such as photocopying, binding etc.

The hub for many locals the CRC is known as the place to go for any assistance in printing service booklets, emailing and/or faxing important documents and access to computer and internet when unfortunately, the internet on farm/out of town is too slow for day to day business.

The Dumbleyung CRC also hosts the Dumbleyung Library on behalf of the Shire. The library welcomes another audience/demographic into the CRC, allowing us to share what's on locally/regionally to community members who may have no to little other connection with others in the Shire.

Fantastic to see the town so vibrant. Great CRC, garden and displays at the CRC and Hotel. Nostalgic return to home town.

-Visitor to the Dumbleyung CRC

We continue to seek new opportunities to generate income for the CRC and endeavors to look for and build new partnerships that will not only positively benefit the CRC but also our community. Including attendance of and working with the Wheatbelt Business Network (WBN) to showcase CRC's and our services/abilities to deliver other programs e.g. Census and the WA Electoral Commission.

Building Community Connections

The Dumbleyung CRC is an important link in connecting our Shire of Dumbleyung residents with up-to-date news, achievements and information either by sharing and promoting the information or facilitating the delivery to the community.

Over 150 issues of the local newsletter, the 'Quack Chat' have been sent and the CRC is proud to know the weekly publication has become a household name. The newsletter is predominantly viewed online (via Mailchimp) with a small number of older community members receiving hardcopies in the post or in store. The e-news is linked to our website (www.dumbleyungcrc.com) encouraging traffic to the website weekly and the ability to visit other areas of the website regularly.

Pictured above: Dumbleyung Primary School visit Dumbleyung CRC on an excursion in March 2019.

The Quack Chat allows us to advertise CRC events and workshops, report on events and workshops we've held plus share police, landcare, school and Shire updates. Article submissions are welcomed and local news is celebrated along with weekly sporting achievements and other local announcements.

We maintain a positive relationship with the Community Development Officer and the Shire of Dumbleyung by liaising with the Shire regularly

and where possible working together to cross promote and share local news and important information.

Similar to our relationship with the Shire, we keep open and constant communication with the local Landcare office assisting to promote grants and Landcare programs (e.g. salinity, Mallee fowls research, fencing rebates and weed eradication) across the Shire. We have also previously teamed up with Landcare and together have successfully cohosted workshops for farmers and community members.

Other strong and positive relationships the CRC holds within the community include the local Dumbleyung Police, both Kukerin and Dumbleyung Primary School, the local Child Health Nurse and a number of community groups and sporting clubs.

We are also fortunate to have a great working relationship with surrounding CRC's (in particular the 4WD – Wandering, Williams, West Arthur and Wagin) of which we communicate and/or meet regularly to bounce ideas, learn from and help one another and where appropriate apply for grants

Our Team

Management Committee

The Management committee is comprised of seven local community members from across the Shire (Kukerin and Dumbleyung residents). They represent a good range of the Kukerin/Dumbleyung communities and their contribution to the organisations is much appreciated. As a supportive and interested committee, they ensure the impact of the Dumbleyung CRC in the community remains positive.

The infographic displays seven members of the Management Committee, each in a colored box with their name and a list of their roles. The members are arranged in three rows: three in the first row, three in the second row, and one centered in the third row. Each box has a circular graphic element on the right side.

Morris

Treasurer's Report

The Dumbleyung CRC financial year commences on April 1 and in the year of 2018/19 the CRC finished the year with a surplus of \$21,095.74. The current position at March 31, 2019 was a healthy \$132,675.87.

The CRC relies on funding from the Department of Primary Industries and Regional Development with \$100,048.04 or approximately 74% of revenue coming from this source of funding. A challenging year with possible funding cuts, the Committee were pleased to hear the State Government's decision to commit and maintain the CRCs existing funding allowing the CRC to increase services without worry.

Workshops and day to day services including the weekly Quack Chat and sale of Dumbleyung merchandise greatly assists in providing additional and necessary funds to support the CRC financial longevity and position as the community hub.

Our largest expense continues to be employment wages and we are fortunate that building (rent) and utility expenses are covered by the Shire of Dumbleyung.

Newly appointed, Marnie West has taken on the treasurer role and as a result this result has been prepared by the Coordinator.

Dumbleyung CRC Revenue Total \$134,166.89

Dumbleyung CRC Expenses Total \$113,071.15

Our Supporters

The Dumbleyung CRC is appreciative of the support from our members, the community and other supporters especially the Department of Primary Industries and Regional Development and the Shire of Dumbleyung.

Our relationships with individuals, community groups, business and other stakeholders is very important to the CRC.

Government

A contract between the CRC and the Department of Primary Industries and Regional Development (DPIRD) provides the CRC with key funding to operate daily, providing goods and services as the community hub in our Shire. This relationship with the Department is a positive one and we thank DPIRD for their continued support.

The CRC acknowledges and greatly appreciates the high level of support provided by the Shire of Dumbleyung. Since our inception in 2015 the Shire has provided a peppercorn lease of the building we occupy in addition to also covering other utility costs (power and water). This assistance has been a great help in allowing us to find our feet

financially as we aim to become a needed and required service in our community.

Grant Funding Bodies

During the 18/19 year the Dumbleyung CRC received grants from the following funding bodies:

- Department of Primary Industries and Regional Development
- CBH Grass Roots Grant – Outdoor Movie Series
- Department of Communities – Thank a Volunteer Week

Community Partners

- Kukerin Primary School
- Dumbleyung Primary School
- Dumbleyung Police
- Dumbleyung Hospital
- Kukerin Ag Society
- Stubbs Park Board of Management

Special Thanks

The Dumbleyung CRC has a number of 'friends' of the CRC and advocates – we thank them all for their ongoing support! Including but not limited to:

- Dumbleyung CRC Committee
- Quack Chat Volunteers
- Library Volunteers
